RoboCup
Humanoid League

1st Team Leader Meeting

Welcome & Introduction

RoboCup Humanoid League

Fields

- AdultSize and KidSize
  - It might not be totally even in the middle (connection between grass patches)
  - There are some not evenly stretched patches on the fields, the builders will try to fix it as good as possible but it still might be some unevenness
- AdultSize
  - Goal post height is 1.75cm instead 1.80
- No camping on the fields!
  - One robot and one laptop per person
- No need to remove shoes, but don’t walk on the field lines
- Field reservation sheets are on the tables (will be updated every morning)

RoboCup Humanoid League

Fire Extinguishers

- One at each field
- Two at the TC/OC table
- Two close to the wall between 35 and 36, and 37 and 38 exits
- DO NOT USE green fire extinguishers

RoboCup Humanoid League

Balls

- The official game balls will be stored at the TC/OC Table
- Referees will draw a random ball 15 minutes before the start of the game

RoboCup Humanoid League

Game Controller

- There is a list with missing team logos on the Whiteboard – if yours is missing or you want to exchange the current one:
  - USB Stick to TC/OC table
  - E-mail (rc-hl-oc@lists.robocup.org)
  - GitHub pull request
- IP addresses for teams can also be found on the Whiteboard
- If you find any bugs in the GC, please let us know as soon as possible
- As always, no personal Wi-Fi access points!

RoboCup Humanoid League

Robot Inspection

- July 12 all day
- Sign-up sheet on the whiteboard
- Teams are required to provide an assistant referee helping with the inspection
  - Assignment sheet is on the whiteboard
  - Come 10 minutes before the assigned time!
  - Robot is confiscated two hours before the next game for one hour if referee duty is missed (this includes the robot inspection!)

RoboCup Humanoid League

Misc

- Sign-up sheet for Technical Challenges is up on the Whiteboard
  - Deadline 14th of July 1 PM
- Game plans and results will be up on the website as usual
- We need volunteers for next year's TC and OC!
  - Suggestion Sheets on the Whiteboard
  - Election will be on July 14th

RoboCup Humanoid League

Rule Alternation

1125 While teams do require only 1 robot to participate to the Drop-In, they need to present a full roster of robots for the soccer games[8]. During robot inspection, teams have to announce how many robots they can provide.
After Drop-In:

- Teams which cannot provide a full roster have to form a full team with one or more other teams from the same league to present a full roster.

- Proposal by the Technical Committee: Suspend rule for this year
  - As this is a last-minute change, voting is required by team leaders
